UNDER 37 CFR §§ 1.56, 1.97, AND 1.98

While the information referred to in this Supplemental Information Disclosure Statement may be material pursuant to 37 CFR §1.56(b), the filing of this Supplemental Information Disclosure Statement is not intended to, pursuant to 37 CFR §1.97(h), constitute an admission that any patent, publication, or other information referred to is, or is considered to be, material to the patentability of this invention. No representation is made that a reference is "prior art" within the meaning of 35 U.S.C. §§ 102 and 103, and Applicant reserves the right, pursuant to 37 C.F.R. § 1.131 or otherwise, to establish otherwise. Further, pursuant to 37 CFR §1.97(g), the filing of this Statement should not be construed as a statement that a search has been made or that no other material information exists.

This Supplemental Information Disclosure Statement is being filed after the period set forth in § 1.97(d) and after the mailing date of a final action under § 1/113 or a notice of allowance, but before payment of the issue fee, the Supplemental Information Disclosure

This Supplemental Information Disclosure Statement is being filed within the period set forth in 37 CFR §1.97(b) because it is believed that no item of information contained in the supplemental information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information supplemental disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the supplemental information disclosure statement.
